

POWERFUL PROFESSIONAL HOT AIR TOOL WIN 3400

PRODUCT INFORMATION

Powerful Professional Hot Air Tool WIN 3400

The hot air welding gun is powerful and versatile, and can be applied to any application, such as welding, industrial heating, thermal shrinkage, drying, etc. The temperature is continuously adjustable, up to 620°C, and the work efficiency is high.

Strongly recommended by professional clients for long work time

Brushless motor with powerful air volume and long-life working time

Advantages of Brushless motor

No necessary to replace brush as without brush;

Low noise and high speed (large air volume);

Low maintenance cost for 6000-8000 hours life time.

ADVANTAGES

Welding Nozzle

Variety of stainless steel welding nozzles available

Heating Elements

Imported heating wire, high temperature resistant ceramics and silver-plated terminals are selected, which can work continuously for a long time under high temperature environment

Dynamic Balance

All of hot air guns passed dynamic balance test ensure that the air volume is stable and vibration-free during use

Temperature Adjustable

20-620 adjustable temperature Safe and reliable

CE Certificate

Weldin hot air welding guns passed CE certificate choose Lesite to enjoy high quality and professional service

SPECIFICATIONS

Model	WIN 3400E
Voltage	230V
Power	3400W
Temperature adjusted	20~620
Air volume Max	360 L/min
Air Pressure	3200 Pa
Net weight	1.2kg
Handle Size	Φ 65 mm
Motor	Brush/Brushless
Certification	CE
Warranty	1 year
